

Anfim Alba

Coffee Bean Grinder

The Anfim Alba is a high-speed commercial espresso grinder built for busy coffee environments, grinding over 5 kg per day. Featuring premium 80 mm flat burrs, rapid grinding performance and an intuitive touchscreen interface, it delivers fast, precise and consistent dosing throughout service. With durable construction and easy maintenance access, the Alba offers outstanding value and reliability for busy cafés seeking performance without compromise.

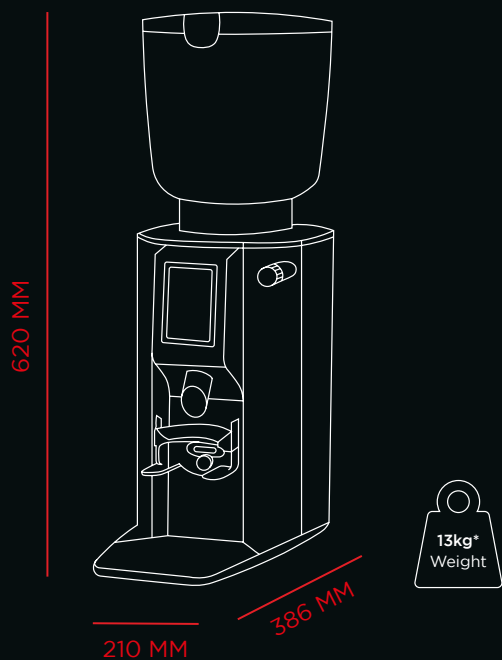

“

Fast, consistent and easy to use, the Alba has transformed our workflow during busy service.”

Anfim Alba
