

Liquidline L4

Water Cooler

The Liquidline L4 offers beautifully filtered chilled and ambient drinking water for your workplace. User-friendly and easy to maintain, the L4 is the ideal high-performance water cooler for busy commercial environments.

Liquidline L4

Liquidline L4

A stylish and sophisticated multifunctional water dispenser, the Liquidline L4 blends seamlessly into any modern workplace. Designed for high traffic environments thanks to its excellent dispense performance and cooling system, the Liquidline L4 will provide your team and customers with a steady supply of the purest filtered drinking water.

ULTIMATE FILTRATION

A sophisticated filtration system ensures your water is as safe, pure and as refreshing as possible. The three-stage carbon filtration system removes chlorine, calcium and other sediments, then a UV light penetrates the water to remove 99.99% of bacteria and other harmful microorganisms.

HIGH CAPACITY DISPENSE AREA

Designed to accommodate sports bottles and reduce reliance on disposable cups, the Liquidline L4 features an extra tall 265mm dispense area.

TOUCH OPERATION PANEL

Quickly and easily dispense chilled or ambient water via the user-friendly touch operation panel.

FLEXIBLE DESIGN

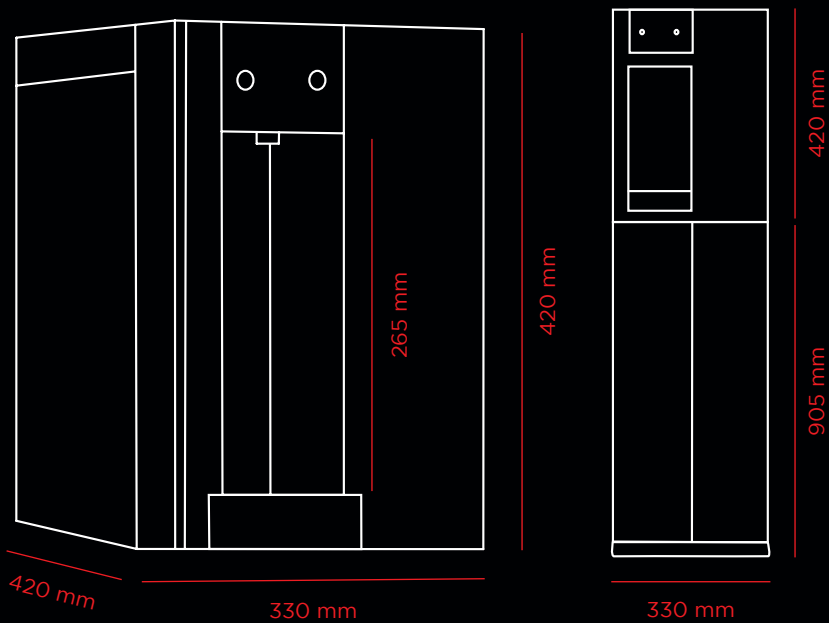

Offering chilled and ambient filtered water from a stylish dispense area, and available as a desktop and freestanding model, the L4 captures the optimum balance of functionality and aesthetics.

“

A high performance water cooler that offers the optimum balance of functionality and style.”
