

# La Spaziale S1

## Traditional Espresso Machines

The La Spaziale S1 series brings commercial-grade espresso performance to a compact footprint, ideal for businesses where every inch of counter space counts. With precise temperature control, dual-boiler efficiency, and authentic Italian engineering, the Vivaldi and Vivaldi Mini deliver reliability and accuracy, ensuring consistent, exceptional coffee service without sacrificing space, for the perfect cup every time.

### Available Models:

*La Spaziale S1 Vivaldi*

*La Spaziale S1 Vivaldi Mini*

## La Spaziale S1

The La Spaziale S1 series delivers dependable, precision-crafted espresso for businesses that value consistency and quality. Designed with advanced thermal stability, dual-boiler performance and customisable dosing, this range ensures smooth operation and exceptional results. Compact yet powerful, the S1 line pairs Italian craftsmanship with intuitive controls, ideal for cafés, offices and smaller hospitality spaces looking to elevate their coffee experience with ease.

### CONSISTENT TEMPERATURE CONTROL

Advanced PID control maintains precise brew temperature for consistent extraction in every shot. This reliability minimises waste and ensures exceptional quality, helping baristas uphold high standards and deliver a great coffee experience, even during the busiest service times.

### DURABILITY & LOW MAINTENANCE

Crafted with durable components and easy-to-maintain features, the S1 range is built to keep your business running smoothly. Its reliability helps reduce unexpected downtime and costly repairs, giving you confidence in long-term performance and value, making it a smart choice for any coffee-serving environment.

### SPACE SAVING DESIGN

The S1 range is designed with a compact footprint, making it the perfect choice for businesses where space matters. Despite its smaller size, these machines deliver true commercial performance, helping you serve exceptional coffee efficiently without compromising on quality or workspace.

### OPERATIONAL EXCELLENCE

Built for speed and simplicity, the S1 range keeps service flowing smoothly, even at peak times. With features like programmable dosing and the ability to brew and steam simultaneously, these machines make it easy for your team to work efficiently and serve more customers without compromising quality.

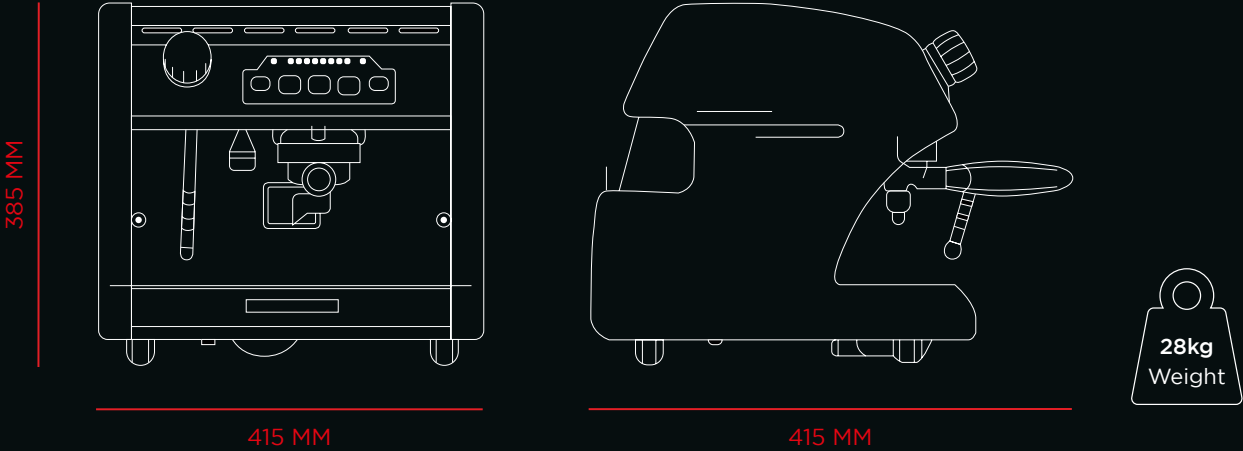

“

The La Spaziale S1 range delivers precision, reliability and efficiency for business where space and quality matter most.”
