

# VITRO ZEN

## COFFETEK

Bean to cup

**A compact bean to cup coffee machine that delivers up to 300 cups per day of delicious coffee, hot chocolate and fresh brew tea.**

The Coffetek Vitro Zen brings coffee shop style drinks to your workplace. With a small footprint and modern ebony glass finish, the Vitro Zen fits perfectly into busy environments that are short of space. Extremely easy to use, simply order your chosen beverage using the in-touch user interface. Choose from speciality coffee favourites including espresso, cafe latte and mocha, then personalise your drink with an extra shot, milk or sugar.

### ULTRA COMPACT

With a compact footprint of just 480 x 590mm, the Vitro Zen fits comfortably on a worktop in a small office kitchen. Free-standing base unit is also available.

### FRESH LEAF TEA

For lovers of a good old fashioned cuppa, the Vitro Zen offers delicious tea prepared using fresh leaves for maximum flavour.

### I-DETECT VEND SYSTEM

The Vitro Zen includes an integrated cup dispenser for disposable cups. Should you prefer to use your own cup, the system will automatically detect it.

### A+ ENERGY RATING

The Zen automatically lowers boiling temperatures during inactivity and can be programmed to shut down completely at night when out of use.
